Contact: +91-8481038113

Career Objective:

Budding Computer Science undergraduate student with a keen interest in exploring new domains. Coding is not just my interest but a passion which I have inculcated over time with great endeavour due to my insatiable fascination for computers.

Qualification:

B.Tech (2022) – Narula Institute Of technology,
JIS University
CGPA- 8.583 (Upto 3rd semester)

12 (2018) – Sudhir Memorial Institute, CBSE
Percentage-82.4

10 (2016) – St Xavier's Institution, ICSE
Percentage-93.2

Professional Proficiency:

- C, C++, Java, Python
- Data Structures and Algorithms
- Operating System
- DBMS, MySQL
- Web development using PHP, MySQL
- Machine Learning, Open CV in Python
- Linux
- Computer networks and Internet Protocols

Courses:

Learning C Programming from NPTEL.
Data Structures and Algorithms from
GeeksforGeeks.
Python from Udemy.
Machine learning and Deep Learning
tutorials from Youtube.
Linux from Udemy.

Strengths:

- Trouble-shooting skills
- Multitasking
- Time management
- Communication skills

Areas of Interest:

1. Problem Solving.
2. Web Development.
3. Machine Learning.
4. Image Processing.
5. Game Development.

Projects:

1. Covid-19 Tracer.
Project link: https://github.com/NitRookies/COVID19_Codechef
2. Event Management website.
Project link: <https://github.com/Rudrasish/Event-Management->
3. Candidate Profile Management website.
Project link: https://github.com/Rudrasish/Recruit_a_thon
4. Emotion Detector using ML (currently working)
5. Air Quality Detector using ML (currently working)

Achievements:

1. Secured 3rd Position in Covid-19 Tracer project, organized by CodeChef and Chandigarh University.
2. Secured 3rd position in TechFest coding competitions.
3. Achieved 5 Star in Problem Solving and C++ in Hackerrank.
<https://www.hackerrank.com/rudrasishbagchi>
4. Received Certificate of Participation in Stack Hack 1.0 for Event Management website.

Hobbies:

Painting.
Photography
Travelling
Cooking
